INTRODUCTION

Using innovative Tele Center in Reducing Mothers & Child Mortality in Yemen

Purpose: INITIATIVE FOR SOCIAL ACTION FOUNDATION started working on a pilot to study the establishment of Tele Centers in War Zones of Yemen, through using innovative maternal Child healthcare a, online Trainings and different education courses in different locations in Yemen. In this context Project Yemen Tele Center was initiated through supported and services provides by EDUCAST PRIVATE LIMITED PAKISTAN

CONCEPT NOTE ON THE PROJECT ZINJIBAR TELE CENTER

The project TeleCenter has been working for a number of months and is offering Mother and Child health services, Skin teleconsultation, Mental Health sessions, and advisory, Online English Language conversation classes. This entire project is being operated through innovative telehealth and online education platform, on which trained and certified Lady doctors are proving support from different countries using online platform.

The sponsors of Initiative for Social Action Foundation is EDUCAST, a company operating Digital health and online education in many countries, from expert trainers of EDUCAST the women and children of Zinjibar have been provided all the services.

FUTUR PLAN

We also are now introducing mobile tele clinic, and mobile education unit, in this out mobile van will be having internet connection and solar power unit and all telemedicine equipment, with Big Screen (LED) and speakers, this van will mobe into different locations and offer online health services to area women and their children through our lady doctors, also from this mobile van, we will teach people English Language and also Office working skills, and Mental health lectures

I the future we also intend to establish a portable ultrasound unit, mobile ECG unit, and Mobile Laboratory for blood tests. If we are able to find donors we can do all the above, and also can provide more such facilities in other towns, like Hadarul Maut, Khanfer and Shuqra
